National GS1 Traceability Advisory Group

Connecting Australian supply chains for enhanced e2e traceability

NewsLink

May 2022

Message from the chair

David McNeil

Welcome to the latest edition of NGTAG NewsLink. I have the pleasure of sharing with you some of our newest members as well as updates regarding the National Traceability Summit, the EU Green Deal and the recent report by NATA.

Member spotlight

Tony Battaglene
Chief Executive, Australian Grape and Wine

Australian Grape and Wine is the national association of Australia's winegrape and wine producers. Recognised as the national peak body for the sector and the first point of contact for the Australian Government and other national and international decision makers. Tony is also a steering committee member of the National GS1 Traceability Advisory Group.

2DBarcodes Advisory Group

Meeting Invitation | Wed 01 June 2022

Join the conversation. 2DBarcodes are now in place for many items at Woolworths stores across Australia. The retailer is managing store inventory at a more granular level, alerting store teams that a scanned product is past its expiry date and connecting consumers to traceability information about a product's origin and more.

Register to attend

2DBarcodes in China

The Chinese Zhejiang province signs joint announcement for 2DBarcodes

More than 80% of all food companies in the province will be printing 2DBarcodes by the end of 2023. Over 7,000 companies produce millions of products operating in the China province, servicing 65m people.

Egg traceability

Complete paddock-to-consumer traceability for the egg industry

Automated coding and labelling solutions eliminate labor-intensive operations. To meet retail standards, all coding and labelling solutions must provide a unique traceable code demonstrating provenance and allow batch traceability back to the farm and flocks.
