GS1WORKS

Business Solutions *Come to Life...*

GS1 Australia works closely with more than 20 industry sectors to understand their business issues and help implement solutions to these based on global standards.

The new, state-of-the-art GS1works tour, situated in GS1 Australia's award-winning Supply Chain Knowledge Centre, is an interactive training supply chain module which explores the supply chain challenges facing businesses of all sizes today and shows how the GS1 standards solve these issues.

GS1works brings to life the business solutions offered by the use of GS1 standards including unique identification, bar coding, eMessaging and data synchronisation while highlighting emerging technologies such as EPC/RFID.

Supply Chain Knowledge Centre

GS1WORKS Business Solutions **Come to Life...**

The Supply Chain Knowledge Centre is a life-size model of how a supply chain works, demonstrating GS1 standards in action and providing visibility from the receipt of raw materials, through the production process into warehousing and distribution, and onward to the retail back of store and Point-of-Sale.
