
Hardware Industry

Industry Requirements - General

- Publication should be at the highest level within the packaging hierarchy
- Pricing should be applied at the BASE_UNIT_OR_EACH level (lowest level within the packaging hierarchy)

Individual data recipient requirements have precedence over the generic hardware sector requirements

Data Recipient Specific Requirements

Mitre10 (NZ)

- Make to order products are not required
- Only nationally ranged products are to be published to Mitre10(NZ)
- Only BASE_UNIT_OR_EACH (lowest level within the packaging hierarchy) are to be published to Mitre10(NZ)

ITM

- All products are to be published to ITM
